The Conference's theme is "Equity, Access, and Diversity in Education: Theory, Practice, and Research." In the past two decades, we have witnessed both precedent and unprecedented changes in the political and socio-economical aspects of all societies across the globe. With the changing demographic composition of students and their distribution geographically, there are noticeable achievement gaps and uneven access to post-secondary education between the privileged and the underprivileged that warrant deliberated education reforms, policy and advocacy. The quest for promoting equity, facilitating access and affirming diversity in increasingly interconnected, and pluralistic learning environments is of growing concern. This Conference will provide invaluable space and a platform for researchers, educators, practitioners, and policy makers from different parts of the world to discuss and address some of these key issues.

研討會主題為「教育平等、參與和多元：理論、實踐和研究」。過去二十年，我們見證全球在政治和社經等方面經歷了有例可稽以至史無前例的轉變。隨着學生的人口組成和地理分布改變，在優勢和弱勢階層之間存在顯著的成就差距和不平等的高等教育機會，這些問題都需要在教育改革、政策發展和倡議上作出深思熟慮的應對。在日益相互關聯和多元的學習環境中，追求平等、促進參與和確保多元的訴求愈來愈受關注。本研討會將提供寶貴的空間和平台，讓來自世界各地的研究學者、教育同仁、教育實踐工作者和政策制定者共同切磋相關議題。
